

Hi, I am Nadiya Scratchley, and I am running for VP External!

About me:

I am in my 4th year of Aerospace C (Electronics and Systems).

I'm from Vancouver, BC.

My hobbies include rock climbing, cooking, writing musicals, and protecting the Gong.

My Platform:

CFES and ESSCO

- Increase transparency for CSES members by hosting presentations each semester about what happened at the latest CFES and ESSCO meetings (i.e. issues brought up, motions passed, commissioners hired)
- Write an article for the Iron Times each month discussing the open positions that CFES and ESSCO are hiring for, as well as summarizing the latest activity within each organization

Conferences

- Create a form open to all CSES members where conferences can be pitched for the miscellaneous conference budget
- Hire a few directors to help in selecting delegates for conferences so favoritism and conflict of interest can be avoided

Breast Cancer Fundraising

- Work with VP services to bring back the hot pink hoodie during the fall semester
- Make lettuce club an official boobies event

November Fundraising

- Increase the reach of the patch auction by advertising the event to U-Ottawa and Algonquin students
- Trade CSES patches with those of other schools to increase diversity of patches being auctioned

C-ENG Hockey Team

- Advocate for the Hockey team as they require

NADIYA SCRATCHLEY FOR VP EXTERNAL

- **Increase the transparency of CFES and ESSCO by running presentations on their latest activity**
- **Advertise CFES and ESSCO positions to Carleton Members in the Iron Times**
- **Expand the reach of the Movember patch auction**
- **Make Lettuce club an official boobies event**
