

# AERO REP

## About Me :D

Hello, My name is Liam Downey-Pollard. I use He/They pronouns. I am currently in my second year of AERO B. I love all things Sci-Fi and Fantasy and enjoy playing D&D and WH40k. My favourite Airplane is the F-111 but I Love Helicopters more. Throughout this past school year I have been involved with CMAS on their board of directors as well as volunteering with other student groups in C-eng. I have also worked with CMAS as a "Student Faculty Rep" meeting with the faculty to discuss student issues. I also Have experience working in the Canadian aerospace industry.

## Platform

Aerospace is the most diverse programs in C-eng by the nature of having four separate streams. Often however, this diversity is not well represented. Notably the issues, needs, and interests of the less popular streams of B and C are often forgotten about. I vow to change this. I promise to work towards better inclusion and recognition of these streams as they are equally "AERO" as the others. Every AERO student should be able to have their voice heard Regardless of stream or year. If you have any questions don't be scared to reach out. I am in the CMAS office most days, feel free to stop by and ask me any questions.
