Join the Canadian Blood Services Stem Cell Registry

eRegistration Event Instructions

1

Check your eligibility

Answer some questions to help us determine if you are eligible to join the stem cell registry.

2

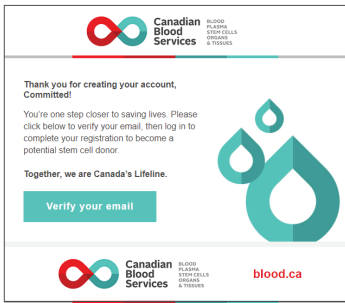

Login or create your Canadian Blood Services account

Sign in or create your account to easily save your contact information. Make sure your contact information is up-to-date so we can reach you should you be someone's lifesaving stem cell match.

Stem Cells
for Life

3

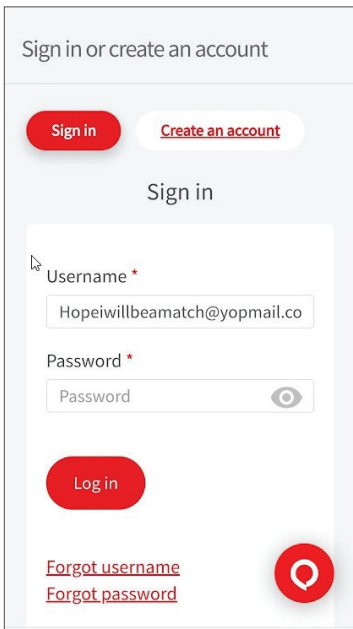

Confirm your email address

If creating a new account, look for a verification email in your inbox to finish creating your account.

4

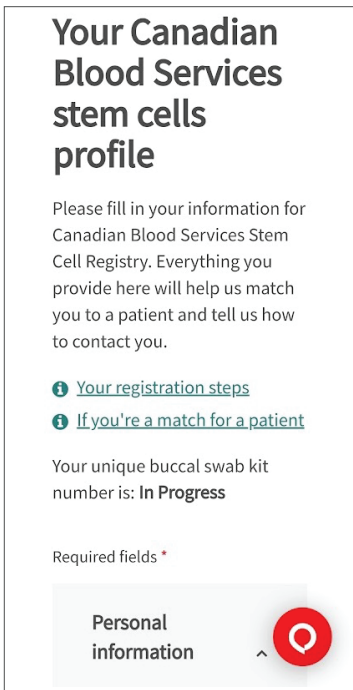

Log in to your account

Enter your username and password.

5

Complete your stem cell registry profile

Fill in your contact information and other required fields.

6

[Your registration steps](#)

[If you're a match for a patient](#)

Your unique buccal swab kit number is: **In Progress**

Consent to Participate

I have read and understand the [Canadian Blood Services Stem Cell Registry information for new registrants](#) and consent to participate in the Canadian Blood Services Stem Cell Registry. I agree to provide a buccal swab to Canadian Blood Services for compatibility testing. I have had the opportunity to ask questions and am satisfied

Provide consent

Read and sign the consent form to complete your registration.

8

Registration confirmation & next steps

You're almost done joining Canadian Blood Services Stem Cell Registry.

Thank you for taking this important first step and becoming part of **Canada's Lifeline**. Your information has been saved to our stem cell registry.

Your unique buccal swab kit number is:
29485123

What's next?

  Step 1
Buccal swab kit collection 

Complete your swab collection

Please confirm your 'unique buccal swab kit number' on the confirmation webpage (or confirmation email) matches the number on your labels prior to swabbing. If there's no 'buccal swab kit number' on the webpage or email, we'll mail a new kit to your home.

Once you have your buccal (cheek) swab kit, complete the quick and easy collection procedure by following the instructions with the kit. We'll process your kit and notify you once you're officially on the registry for patients in need.
