

## ABOUT ME

Hi my name is Aisha, I am a second year Civil engineering student, and I would like to run for CSES VP Pubs for the 2024-2025 Academic year. I've been hand and digital drawing in my spare time for the last 6 years and have really improved over the years. CSES hosts a lot of events and its crucial that posters and online posts are made ready in a timely manner so that students can have plenty of time to sign up, I have really good time management skills and I've put myself through the ringer this academic year due to the number of things I've been working on society and design team wise. I also heard the gong show hasn't been gonging and I'd like to get that back up and running. I also will keep the irontimes going and make sure it always comes out on time!

Here is my take on a poster for one of our most beloved CSES events
